When Someone Dies – Dialogues with the Living about Death and Dying

Saturday, March 7, 2020 –GranTree, Bozeman, MT

"So no matter what your current situation is, stop for one moment and consider the fragility of your own life. Can you make room for Death to enter your thoughts every now and then? Can you get comfortable with the idea of Death as part of your life? You have much to gain from getting comfortable with Death ... the best friend that will never desert you." Karen Wyatt, MD.
